

## Foxit® PhantomPDF™ Standard

### Multi-Feature PDF Editor

PhantomPDF provides users a cost effective, business ready solution to securely work with PDF documents and forms. It provides a full featured platform to view, create, edit, collaborate, share, secure, organize, export, OCR, and sign PDF. PhantomPDF is available in two editions: *Standard* and *Business*. PhantomPDF *Standard* delivers the right features at the right price to deliver professional looking PDF documents. With its enterprise functionality, integration, and mass deployment capabilities, combined with its affordability, it makes a great alternative to evaluate when yearly subscriptions of existing PDF solutions expire.

Link text boxes together so edited text reflows between columns.
